Adobe Photoshop is a prominent and commercially supported graphics software suite released as freeware in 1991 by Adobe Systems. The software is available for Microsoft Windows, macOS, and Linux operating systems. Originally developed for the Mac, Photoshop became the most popular graphics editing software for the Macintosh. In 1997 the first version was released for Windows. In 1998 Photoshop was redesigned for the PC to embrace the Windows 95 look and feel. In 1998 a Macintosh version was released and a Windows version of Adobe Photoshop 8. In 2002 the software was renamed to Photoshop Elements. In 2004 Adobe started selling it at a retail price of $299. In May 2011 Adobe launched the new Creative Cloud subscription service which includes a limited Adobe Photoshop subscription. The cost for a subscription varies and is a one-time price, then an annual fee, but will differ depending on how a customer chooses to buy it. A subscription is in most cases cheaper than purchasing the software outright. Features Adobe Photoshop CS6 is an easy-to-use and

[A case of giant pulmonary artery aneurysm revealed by cerebral artery embolism]. A case of giant pulmonary artery aneurysm in a patient with Behçet's disease is reported. The patient was a 35-year-old female who complained of disturbance of consciousness due to cerebral artery embolism. Enhanced computerized tomographic scan of the brain showed a large mass in the left occipital lobe, with blood vessel dissemination. The histology of the surgical specimen of the mass was consistent with aneurysm. Postoperative course was uneventful. Giant pulmonary artery aneurysm is a rare disease but should be included in the differential diagnosis for a large intracerebral mass.Q: Getting the value of input field when i click on link I have created a form that contains a lot of input fields (date, time etc). When i submit the form, i would like to display the values of the inputs in the same order they were in the form. I did a small test case: i created a form like this test test test The "test" link will display the values of the input fields, i.e. 1, 2, 3. I would like the same for my form: when i click on one of the links it should display the value of the input field of the same order as they are displayed in the form. I am pretty sure that this is possible but i couldn't find a way to do it. A:
